A participant who has received any assistance whatsoever from any other person may be disqualified from the Race.

Any person participating in the Race without a current official Race bib number or timing device officially assigned to them is subject to removal and disqualification from future Races.

No persons are authorized to be on the Race course unless they are registered participants or authorized Race staff. Therefore, no person shall be allowed to accompany a participant if they are not registered in the Race. Any person not properly displaying an official Race bib number will be directed to leave the Race course.

Participant Safety

The use of wheeled devices by participants is strictly limited authorized wheelchair, handcycle and duo team participants. Baby joggers, baby strollers, skateboards, rollerblades, unauthorized bicycles or any other wheeled devices are not permitted.

Participants are responsible for their recognition and understanding of Race signage and symbols relating to participant maps, facilities and directions.

Medical personnel authorized by the Race to do so may examine any participant who appears in distress. If, in the sole opinion of authorized medical personnel, it is in the best interest of the participant’s health and welfare, medical personnel may remove a participant from the Race.

Participants must retire at once from the Race if ordered to do so by a member of the Race’s official staff, official medical staff or any governmental authority, including fire and police officials.

Participants are responsible and assume liability for any and all medical expenses incurred as a result of training for and/or participation in the Race, including but not limited to ambulance transport, hospital stays, physician and pharmaceutical goods and services.

Race officials reserve the right to delay, cancel or suspend the race due to inclement weather or other conditions or governmental orders or directives in accordance with Emergency Protocol on severe emergencies and/or inclement weather.

Concealed weapons are not permitted on Kiawah Island Golf Resort property, including the race venue and Racecourse.
Timing

Clock time (gun time) is the official time for designated overall winners. Age group awards are based on the chip time (electronic timing device) from when the participant crosses the start line to the point where the participant crosses the finish line.

Participants must wear their assigned timing device, which is permanently attached to their bib number, continuously from start line to finish line to receive an accurate finish time. Bib must remain on outermost layer of clothing and at chest-height to ensure most accurate results.

Participants with missing or irregular split times at official timing checkpoints will be reviewed and may be disqualified.

All finish times are reviewed before times are deemed official. Participants will be given the opportunity to appeal unofficial finish times before the finish times are made official.
